## Why Use Our Catering?

At the heart of every successful event is exceptional food - and that's exactly what we deliver.

We've partnered with **BaxterStorey**, an award-winning, independent hospitality provider known for their commitment to quality, sustainability, and creativity. Their talented chefs craft bespoke culinary experiences using only the **finest locally sourced ingredients**, ensuring every dish is both delicious and responsibly made.

BaxterStorey's ethos is simple yet powerful: **every client, in every venue, deserves a memorable hospitality experience**. That's why their menus are exciting, their teams are friendly, and their service is second to none.

## Our Responsibility

With great food comes great responsibility. BaxterStorey leads the way in sustainable catering, partnering with forward-thinking organisations such as **Step Up, Diversity by Design** and **Growing Talent** to support social impact and inclusion across the industry.

Environmental stewardship is also a core focus. From reducing food miles to rethinking packaging, they're tackling some of the biggest issues facing our planet today - including the urgent need to reduce **food waste**.

## Waging a War On Waste

Did you know that over 7% of fruit and vegetables grown in the UK never make it to a plate? Through an innovative partnership with **Waste Knot**, BaxterStorey rescues surplus produce from farms and transforms it into extraordinary dishes - from pumpkin gnocchi to Partridge-in-a-Pear-Tree mocktails. This initiative not only fights waste but also inspires chefs to think outside the (veg) box.

Simply put, **BaxterStorey are obsessive about what they do** - and it shows in every plate they serve.
